You Are Cordially Invited to Attend Our
THIRD ANNUAL CHAMPAGNE PARTY on Saturday,
December 4, 1982

Aloha!

We will hold our Third Annual Champagne Party on December 4th at 1:00 P.M. and we would like you to join the festivities in Waimea.

The highlight of this year's party will be one of The Hawaiian Mint's most significant events ever . . . the minting of our new Gold Centennial Crown and Silver Centennial Dala.

A Special Ceremony will be held to mark the First Day of Issue of these historic coins. Each coin will be proof-minted and struck with a special hallmark showing the date "December 4, 1982."

These coins commemorate the 100th Anniversary of the minting of the only authentic coinage of the Kingdom of Hawaii ever to circulate as legal tender. The coins were authorized in 1883 by King Kalakaua. The King commissioned the renowned coin designer, Charles Barber, to create the dies.

The Hawaiian Mint has meticulously reproduced these dies using the Revolutionary EDM Process. All Gold Centennial Crowns and Silver Centennial Dalas will be proof-minted from these dies and the Special First Day of Issue Hallmark will make these already significant coins even more rare and unique.

After the First Day of Issue minting is completed, the hallmark will be destroyed to ensure that no more coins will ever bear this distinctive mint mark. Because only a relatively few Crowns and Dalas will bear the First Day of Issue Hallmark, it is likely that their value may increase faster than those coins without the hallmark.

To obtain these specially hallmarked coins, you must use the enclosed Special Reservation Form to reserve your coins in advance. The Hawaiian Mint will put your coins aside and hallmark them on December 4, 1982. Only Reserved coins will be hallmarked.

Because we wish to strictly limit this issue of hallmarked coins, we must impose a limit on the number of coins you may order.

The Hawaiian Mint will accept orders up to five (5) Gold Centennial Crowns and up to ten (10) Silver Centennial Dalas per customer. These limits will ensure the scarcity of hallmarked coins and should protect their value as an investment during the years ahead.

These coins are not made of plated base metal. Each Gold Centennial Crown contains one ounce of .999 Fine Gold and each Silver Centennial Dala contains one ounce of .999 Fine Silver, which is certified by The Hawaiian Mint.

We hope you will accept our invitation to join us during this historic event at Hawaii's first and only mint and that you will allow us to hallmark a Gold Centennial Crown or a Silver Centennial Dala for you.

Sincerely,

Director, The Hawaiian Mint

P.S. This offer expires on December 3, 1982. Please return your Special Reservation Form now to ensure that we will be able to produce these unique coins for you.
