Rising Gold Spot Price Forces Increase For ROYAL HAWAIIAN GOLD 1990 Sets

We have often heard people remark, "what a small world we live in today" and the truth of that statement has hit home here at THE MINT with dramatic effect.

The Iraqi invasion of Kuwait has not only had a dynamic upward effect on the price of petroleum and gasoline, but the increased tension has triggered a rapid rise in the Gold Spot Price on world markets. This, in turn, is causing THE MINT to increase the price for ROYAL HAWAIIAN GOLD 1990.

This Bulletin Edition of MINTLINE is being rushed exclusively to Buyers of Royal Hawaiian Gold 1989 who have not yet exercised their option to purchase a 1990 set that's "reserved" with the same number as your 1989 set.

THE MINT made advance purchases of Gold while it was well below the current high prices. These purchases were intended for new programs, now being developed.

THE MINT will use that lower priced Gold to produce sets of Royal Hawaiian Gold 1990 for any 1989 Buyer who confirms his reservation and places an order for a 1990 set before September 21st! The price of Royal Hawaiian Gold Sets ordered before that deadline will be just \$1492... A FULL \$100 BELOW THE REGULAR PRICE OF \$1592.

This offer applies only to "reserved" 1990 sets that have the same number as 1989 sets. If you wish to purchase additional sets of Royal Hawaiian Gold 1990, these are available at the \$1592 price level until September 21st, when new... and likely higher... prices will take effect.

If you plan to purchase a 1990 set with the same number as your 1989 set, this is your best opportunity to do so. If you do not plan to purchase the 1990 set that bears the same number as your 1989 set before September 21st, please let us know so we can release your number to another collector!

The high Gold prices early in the year sparked keen initial interest in Royal Hawaiian Gold 1990. With Precious Metal Prices on the rise again, interest in this... and other issues from THE MINT... has become very brisk.

Enclosed is a Special CONFIRMATION ORDER FORM. This form has been issued only to buyers of Royal Hawaiian Gold 1989. Please use this form only when ordering your 1990 set. Orders received on any other form will be processed at the \$1492 price.

If... for any reason... you cannot place your order for your "reserved" 1990 set before September 21th... and you do not wish to have the set "reserved" for you released to someone else, please check the Continued Reservation Box on the CONFIRMATION ORDER FORM and we will continue to hold your number in reserve. You may order your 1990 set at any time before the end of the year at the new price prevailing at the time of your order.

The vast majority of those receiving this Bulletin Edition are long time, supportive and highly valued customers. As such, you are well aware that THE MINT has never exploited international tensions as a method for triggering panic purchases. I personally assure you that we are not doing so now. No one knows what the full measure of repercussions of the Persian Gulf Crisis will be but one thing we do know... in troubled times Gold and other Precious Metal Prices rise quickly and dramatically. I simply want to provide an opportunity for those who have purchased Royal Hawaiian Gold 1989 to get their 1990 set with the same number and get it at, what may well turn out to be, a bargain price!

If you wish to charge your order to Visa or MasterCard, you may do so by calling THE MINT at (808) 949-6468 Collect... and confirming your eligibility by giving us the number of your 1989 set.

Otherwise, fill out and mail the enclosed CONFIRMATION ORDER FORM and mail to our new offices at 1421 Kalakaua Avenue, Honolulu, Hawaii 96826.

This offer absolutely expires on September 21th.
